UCONNECT UPDATE
Making an impact!
Jessica Jeffers and Andy Gallaher, from the Tickle College of Engineering completed the 2019-2020 UConnecT program. We are thrilled to see how they will apply leadership lessons learned within UConnecT into their work.

Jessica and Andy were fully engaged in UConnecT and this is evidence of their desire to lead and bring excellence to campus.

You can read the full article HERE.

14 Campus Event Planning and Religious Diversity-Dr. Erin Darby
Our 2020 Fall cohort program is winding down and once complete, we will miss the open, honest and vulnerable discussions we are experiencing with this group.

All of our participants are demonstrating the signature elements of inclusion with Commitment to Courageous and Cognizant Leadership, Curious and Culturally Competent Leadership, Caring and Collaborative Leadership and Civility.

We thank them all for their time and effort during this year.

To continue being effective, change is required. The mindset we use as we navigate change can either maximize our impact or simply allow us to get through it.

If we fail to recognize the need to be proactive and innovate, we will just get by. If we embrace diversity of thought, we participate in innovative thinking this will be the place that we maximize our impact.

THE HOLIDAYS

What is best...and gratitude

2020 will be different. The best strategy you can take is to do what is right for you and your own individual circumstances. Take moments to be thankful and grateful, check in with friends and family and take moments to breathe. Our best to you all!
